Office of Legislative Counsel

Friday - 16 October 1959

1. Mr. Jay Sourwine, Senate Internal Security Subcommittee, telephoned asking for information on [REDACTED]

[REDACTED] After checking with CI, Mr. Sourwine was advised on a nonattributable basis that we knew quite a bit about this individual and almost certainly she is a Communist Party member and most active. Sourwine indicated he might attempt to subpoena her if she comes to this country and wanted our reaction. I suggested again on a nonattributable basis he might wish to discuss this point with the FBI.

2. Advised Miss Watterson in the office of Senator Cotton (R., N.H.) of the death of Mr. [REDACTED]. She appreciated our call. She also took this opportunity to ask if we had received an application from [REDACTED]. After checking with Personnel, Miss Watterson was advised that we had not received an application [REDACTED]. However, a tickler has been established and the Senator will be advised if forms are submitted.

4. [REDACTED] (OCR) called to report that a Mr. Peavy of the National Academy of Sciences had talked to him concerning the travel of Congressman Victor L. Anfuso (D., N.Y.) who was accompanied by a Mr. Porter of General Electric. Peavy asked [REDACTED] for any information we might obtain concerning this trip. [REDACTED] will suggest that they contact the State Department on this.
